7th ISTANBUL UROLITHIASIS DAYS

Scientific Program

02-03 December 2022

The Marmara Taksim / ISTANBUL

www.istanbulurolithiasis2022.com

PROGRAMME

Day 1 - December 2, 2022

08:30 - 08:45 Welcome & Introduction - **Kemal Sarıca**

08:45 - 10:15 **Session 1** RIRS - Ureteroscopy 1
Moderators: **Faruk Özcan, Simon Choong, Ümit Yıldırım**

Debate: Use of ureteral access sheath during RIRS

08:45 - 09:00 UAS is a must for safe and effective RIRS - **Kremena Petkova**

09:00 - 09:15 UAS has no role in my practice - **Zamari Noori**

Debate: Which scope is the ideal? Single use vs reusable

09:15 - 09:30 I prefer single use because... - **Selçuk Güven**

09:30 - 09:45 I prefer reusable because... - **Stefania Ferretti**

09:45 - 10:00 Thermal injury during ureteroscopy-The devil is in details - **M. Can Kiremit**

10:00 - 10:15 Role of suction in ureteroscopy: Fact or fiction? - **Laurian Dragos**

10:15 - 10:30 Coffee Break

10:30 - 11:30 **Session 2** Live surgeries - 1 RIRS
Moderators: **Yakup Kordan, Stefania Ferretti**
O.R. Coordinator: **Tzevat Tefik**
Case Presenter: **Rıfat Burak Ergül, Atınç Tozsın**

REDPINE **OR 1:** RIRS - single use scope - **Bülent Erkurt**

MediNova

Tıp Teknolojileri San. ve Tic. Ltd. Şti.

OR 2: RIRS - **Arda Atar**

11:30 - 12:30 **Session 3** Live surgeries - 2 RIRS
Moderators: **Yakup Kordan, Ural Oğuz**
O.R. Coordinator: **Tzevat Tefik**
Case Presenter: **Elif İpek Aksoy, Umut Can Karaarslan**

medikasis HugeMed **OR 1:** RIRS - single use scope - **Selçuk Güven**

OLYMPUS **OR 2:** RIRS - reusable scope - **Simon Choong**

12:30 - 13:30 Lunch Break

13:30 - 15:15 **Session 4** RIRS - Ureteroscopy 2
Moderators: **Hamdy Abdul-Halim, Faruk Özgör, M. Cenk Gürbüz**

Debate lithotripsy during RIRS: HoYAG vs. TFL

13:30 - 13:45 Low power HoYAG is sufficient and affordable - **Cenk Yazıcı**

13:45 - 14:00 TFL is the new standard and extends RIRS indications - **Yılören Tanıdır**

14:00 - 14:15 High power HoYAG is faster and more convenient - **Arda Atar**

14:15 - 14:30 Safety, protection and ergonomics for the surgeon during RIRS - **Samed Verep**

14:30 - 14:45 Robotic platforms for RIRS: When do we need it? - **Zafer Tokatlı**

14:45 - 15:00 Infective complications & RIRS: Strategies for prevention and treatment - **Emre Şener**

15:00 - 15:15 RIRS in children - Technical details and differences from adults - **Bülent Önal**

13:30 - 15:15

Session 5 - HALL B**PODIUM SESSION**Moderators: **Kemal Sarica, Kremena Petkova**

15:15 - 15:30

Coffee Break

15:30 - 18:00

Session 6 SWL & Medical managementModerators: **Laurian Dragos, Tayfun Oktar, Eda Tokat**

15:30 - 15:45

After SWL - Tips and tricks to improve fragment extraction

Kemal Sarica

15:45 - 16:00

Metabolic evaluation and patient compliance: Results from COMET trial

Mehmet İlker Gökçe

16:00 - 16:15

Dietary alterations of bowel for stone prevention based on gut-kidney axis

Arda Atar

16:15 - 16:30

Medical management strategies with respect to stone type and risk factors: Practical issues for daily practice

Yasin Yitgin

16:30 - 16:45

SWL: Will it really die or continue to run?

Arif İbiş

16:45 - 17:00

How to improve SWL outcomes: Technical details from the expert

Alberto Budía Alba

17:00 - 17:15

Management of urolithiasis as a systemic disease

Christian Seitz

17:15 - 18:00

Case discussion: Medical treatment - SWL - RIRS

Case Presenter: **Kremena Petkova****Kemal Sarica - Christian Seitz - Bülent Önal - Alberto Budía Alba****Day 2 - December 3, 2022**

08:30-09:45

Session 7 PCNL - Surgical techniquesModerators: **Selçuk Güven, Kremena Petkova, Fatih Kurtuluş**

08:30 - 08:45

Indications & preoperative preparation for PCNL -Summary of IAU PCNL Guidelines' recommendations

Simon Choong*Debate: Do we still need large bore PCNL in the era of miniPCNL*

08:45 - 09:00

Of Course-Standard PCNL is still the ideal approach with broad indications

Sinan Zeren

09:00 - 09:15

No, Mini-PCNL is the new standard for the majority of renal stones

Oriol Angerri*Debate: ECIRS vs Multiaccess PCNL for complex stones*

09:15 - 09:30

ECIRS is the best solution for multicaliceal stones

Stefania Ferretti

09:30 - 09:45

I prefer multiple access, retrograde access is unnecessary

Ural Oğuz

09:45-10:00 Coffee Break

10:00-11:00

Session 8 Live surgeries - 3 RIRS

Moderators: **Oriol Angerri, Mustafa Sofikerim**

O.R. Coordinator: **Mehmet Ali Karagöz**

Case Presenter: **Emre Korkmaz, Alkan Oktar**

OR 1: RIRS - LithoVue™ EMPOWER - **M. Can Kiremit**

OR 2: RIRS - single use scope - **Tzevat Tefik**

11:00-12:00

Session 9 Live surgeries - 4 PCNL

Moderators: **Ahmet Öztürk, Atilla Arıdoğan**

O.R. Coordinator: **Mehmet Ali Karagöz**

Case Presenter: **Abdullah Altunhan, Anıl Tantekin**

OR 1: Standard PCNL - **Iliya Saltirov**

OR 2: Mini PCNL - **Mehmet İlker Gökçe**

12:00 - 13:00 Lunch Break

13:00-14:45

Session 10 PCNL - 2

Moderators: **Sinan Zeren, Burcu Hancı, Haluk Şen**

13:00 - 13:15

PCNL for staghorn stones - Instrumentation and technical details

Atilla Arıdoğan

13:15 - 13:30

How can we prevent infective complications during PCNL

Wissam Kamal

13:30 - 13:45

Ultrasound guided renal access: Technical details and the current situation around the world

Bilal Eryıldırım

13:45 - 14:00

Pediatric PCNL – Technical details & differences from adult PCNL

Ali Sezer

14:00 - 14:15

Active suctioning during PCNL - Is it the new game changer which will be a standard soon?

Tzevat Tefik

14:15 - 14:30

Endoscopic evaluation of the stones and papilla - Does it have practical role?

Christian Seitz

14:30 - 14:45

What is the ideal method of irrigation for stone surgery:

Gravity - Automated pump - Hand controlled irrigation

M. Giray Sönmez

14:45 - 15:15

Satellite Symposium

Medical treatment options in urolithiasis

Sercan Yilmaz

15:15 - 15:30

Coffee Break

15:30-18:00	Session 11 Miscellaneous topics Moderators: Alberto Budía Alba, Yılören Tanıdır, Gökhan Sönmez
15:30 - 15:45	The asymptomatic stone: Should we treat? Hakan Çakır
15:45 - 16:00	The natural fate of residuals - Is clinically insignificant fragment really insignificant? Mehmet Ali Karagöz
16:00 - 16:15	Should we care about tip of laser fiber? Abubekir Büyök
16:15 - 16:30	Monitorization of IPP during stone surgery - Fact or fiction Volkan Şen
16:30 - 16:45	Pulse modulation in HoYAG: Is it really necessary for lithotripsy Volkan Ülker
16:45 - 17:00	What is new in ureteral stents? Any solution for encrustation yet? Orhan Tanrıverdi
17:00 - 17:15	Strategies to diminish radiation exposure during stone surgery Barbaros Başeskioğlu
17:15 - 18:00	Nightmare cases - PCNL Case Presenter: Mehmet İlker Gökçe Sinan Zeren - Atilla Arıdoğan - Laurian Dragos - Iliya Saltirov
